LSPR Institute of Communication & Business

Sustainability Manifesto 2030

Sustainable Education for a Sustainable World

Founder & CEO
Message

Our respects to the entire LSPR community that we love, I humbly welcome you all on this special occasion, as we explore the sustainability journey of LSPR in 2023. As the founder of LSPR, I am very proud to see how our institution has continued to grow and work amidst increasingly complex challenges.

This sustainability report is a reflection of our commitment to not only achieve academic excellence, but also to be a socially and environmentally responsible agent of change. In every step we take, we always strive to improve the quality of life of the surrounding community and realize a sustainable positive impact. 2023 has been a year full of achievements and challenges. We have succeeded in achieving various innovative projects in education, research, and community service. However, we are also aware that there is still much work to be done. We remain committed to improving the quality of education, strengthening partnerships, and maintaining environmental sustainability.

LSPR's success would not be possible without the support and contributions of all stakeholders: students, lecturers, staff, industry partners, and local communities. We express our sincere gratitude for your dedication and hard work. With this sustainability report, we invite you all to join us on our journey towards a better future. Let us together create positive, sustainable change for future generations.

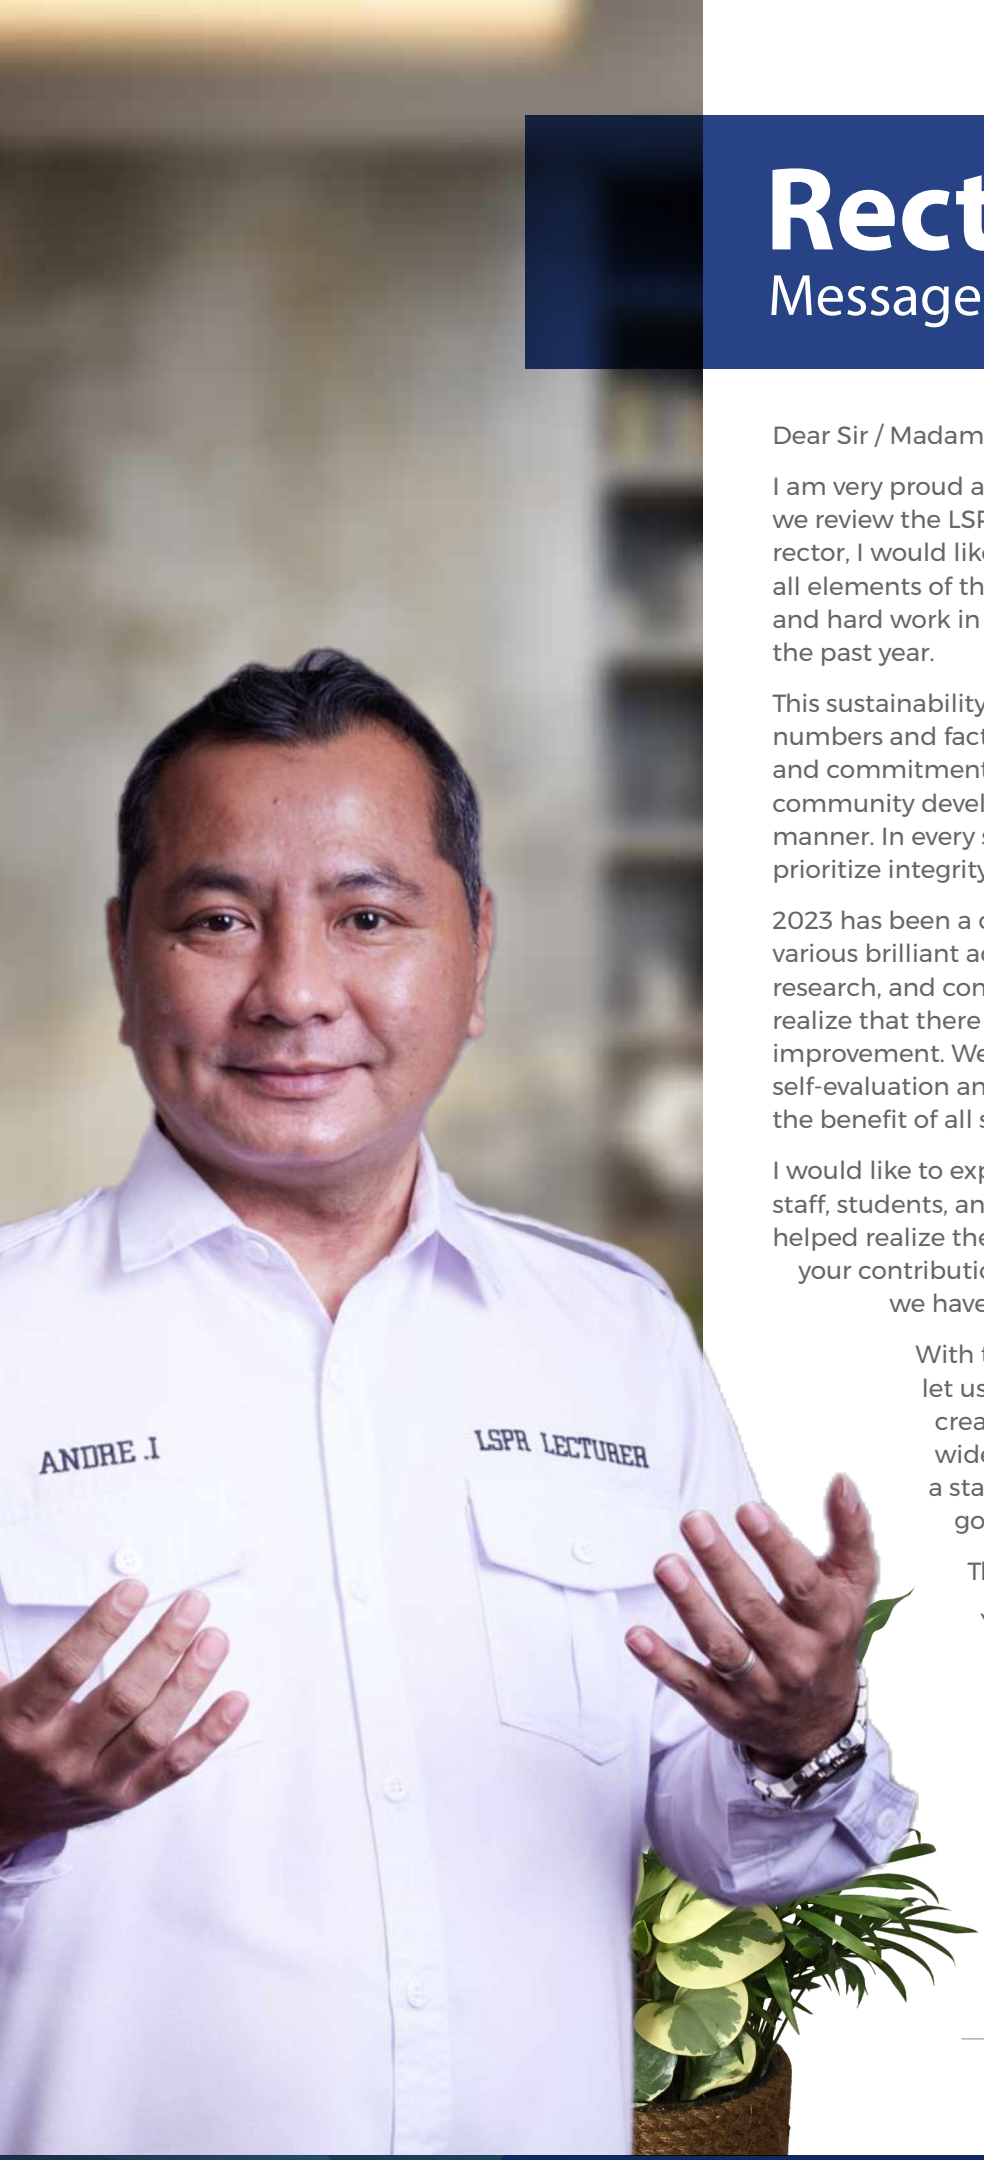

Thank you.

Sincerely,

Dr. (H.C.)Prita Kemal Gani, MBA, MCIPR, APR, FIPR

Founder & CEO

LSPR Institute of Communications & Business

Asean Global Campus

Rector
Message

Dear Sir / Madam,

I am very proud and honored to speak before you all as we review the LSPR sustainability report for 2023. As the rector, I would like to express my sincere appreciation to all elements of the LSPR community for their dedication and hard work in achieving extraordinary success over the past year.

This sustainability report is not just a collection of numbers and facts, but also a reflection of our passion and commitment to carry out educational and community development activities in a sustainable manner. In every step we take, we always strive to prioritize integrity, quality, and sustainability.

2023 has been a colorful year for LSPR. We have seen various brilliant achievements in the fields of academics, research, and community service. However, we also realize that there is still much room for growth and improvement. We are determined to continue to conduct self-evaluation and improve the quality of our services for the benefit of all stakeholders.

I would like to express my deep appreciation to all faculty, staff, students, and industry partners who have jointly helped realize the vision and mission of LSPR. Without your contributions and support, the great achievements we have achieved would not have been possible.

With this sustainability report as a foundation, let us continue to collaborate and innovate to create a brighter future for LSPR and the wider community. Let us use this report as a starting point to achieve more ambitious goals in the future.

Thank you for your attention and support.

Yours sincerely,

Assc. Prof. Dr. Andre Ikhsano, M.Si

Rector

of LSPR Institute of Communications & Business

Head of CSLE
Message

At LSPR Institute, we are unwavering in our commitment to sustainability, recognizing it as a cornerstone of our institutional mission and vision. Our dedication is embodied in the LSPR 2030 commitment, a comprehensive initiative designed to integrate sustainable practices across all facets of our operations, curriculum, and community engagements. This ambitious commitment aims to create a lasting impact, not only within our institution but also in the wider community and beyond.

LSPR 2030 is more than just a strategic plan; it is a collective movement that involves every stakeholder, both internal and external. Our students, faculty, staff, alumni, partners, and community members are all integral to this initiative. Together, we strive to foster an environment where sustainability is not just an ideal, but a practical reality woven into the fabric of our daily lives and educational processes.

As a leading institution of higher learning, we recognize the pivotal role that education plays in promoting sustainability. Our curriculum is meticulously designed to embed sustainable development goals (SDGs) across various disciplines. We aim to equip our students with the knowledge, skills, and ethical foundation needed to become future leaders in sustainability. From innovative research projects to hands-on community service, we provide our students with numerous opportunities to engage with and contribute to sustainable practices.

LSPR 2030 involves a collaborative effort with a wide range of stakeholders. Internally, we encourage our faculty and staff to integrate sustainability into their teaching, research, and administrative functions. Externally, we build strong partnerships with industry leaders, government agencies, non-profit organizations, and other educational institutions to amplify our impact. These collaborations enable us to share best practices, foster innovation, and implement effective solutions to pressing sustainability challenges.

We extend our sustainability efforts beyond the campus boundaries through community engagement and outreach programs. By partnering with local communities, we work to address social, economic, and environmental issues, fostering resilience and sustainability at the grassroots level. Our initiatives include educational workshops, sustainability awareness campaigns, and collaborative projects that benefit both the community & our students.

As we move forward with LSPR 2030, we call upon all our stakeholders to join us in this transformative journey. Sustainability is a shared responsibility & its success depends on the collective efforts of everyone involved. Together, we can create a sustainable future that benefits not only our current generation but also those to come.

In conclusion, LSPR's commitment to sustainability is a testament to our dedication to excellence in education and our responsibility to the world. We invite you to be a part of this inspiring endeavor, as we work hand in hand to achieve our vision of a sustainable education for a sustainable world.

SPC

Warm regards,

Taufan Teguh Akbari, Ph.D

Head of LSPR Centre for Sustainability and Leadership Excellence LSPR Institute

LSPR
Centre for Sustainability & Leadership Excellence

LSPR Centre for Sustainability & Leadership Excellence

is an advanced, interdisciplinary hub dedicated to promoting and integrating the principles of sustainability and leadership within educational frameworks, research initiatives, and community engagement.

It aims to develop future leaders with the knowledge, skills, and values necessary to address global sustainability challenges and drive positive change in their respective fields and communities.

Objectives

The objectives of The LSPR Centre for Sustainability & Leadership Excellence (CSLE) are multifaceted, aiming to create a significant impact on education, research, industry, andcommunity. Primarily, CSLE seeks to integrate sustainability and leadership principles into the educational curriculum, ensuring that students are equipped with the knowledge and skills needed to address contemporary global challenges.

The centre aims to conduct pioneering research that advances the understanding of sustainable practices and effective leadership models, thereby contributing valuable insights and practical solutions to the academic and professional communities.

Additionally, CSLE is dedicated to fostering partnerships with businesses, government agencies, and non-profit organizations to promote sustainable development and leadership excellence in real-world contexts.

By engaging with local and global communities, CSLE aspires to raise awareness, drive initiatives, and support projects that lead to tangible environmental and social improvements.

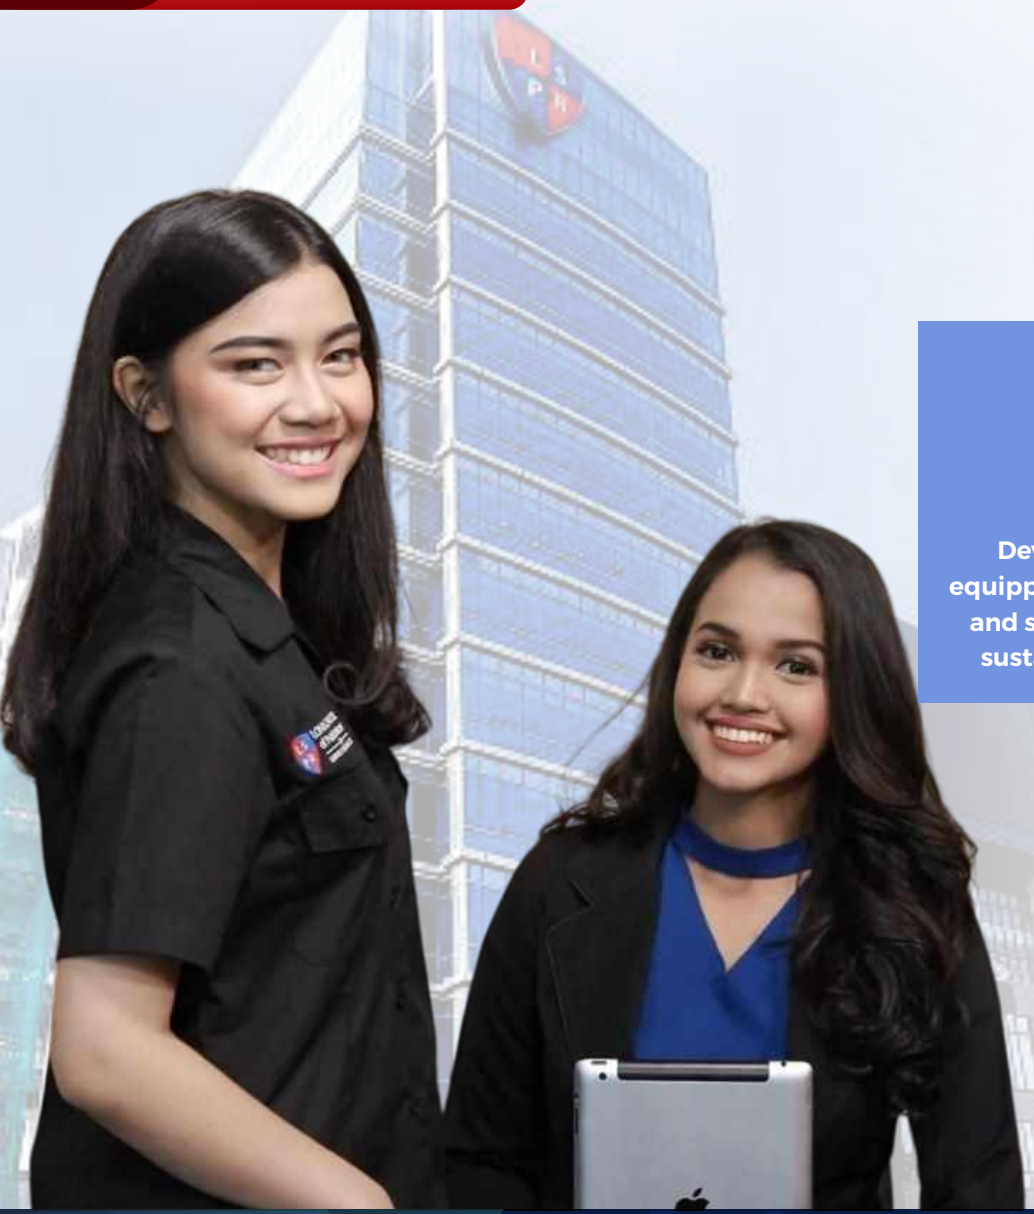

Ultimately, the center's objectives are to develop a new generation of leaders capable of making informed, ethical decisions that support sustainable growth and positive societalchange.

Vision

To be a leading center of excellence in sustainability and leadership practiced, fostering innovative practices and solutions that contribute to a sustainable future.

Mission

01

Promote sustainability and leadership through education, research, and community engagement.

02

Develop future leaders equipped with the knowledge and skills to address global sustainability challenges.

03

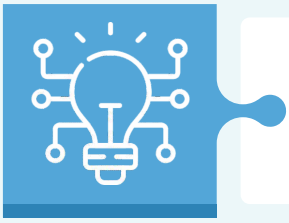

Foster collaboration with industry, government, and non-profit organizations to drive sustainable development.

Core Areas of Focus

Education and Training

- Develop curriculum that integrate sustainability and leadership principles.
- Offer workshops, seminars, and certification programs.
- Provide professional development courses for industry leaders.

Research and Innovation

- Conduct cutting-edge research on sustainability practices and leadership models.
- Publish findings in academic journals and industry reports.
- Collaborate with other institutions and organizations on research projects.

Community Engagement and Outreach

- Partner with local communities to implement sustainable practices.
- Organize public lectures, conferences, and events to raise awareness.
- Support student-led sustainability initiatives.

Industry Collaboration

- Work with businesses to develop and implement sustainable strategies.
- Offer consultancy services on sustainability and leadership.
- Create a network of sustainability leaders for knowledge sharing and collaboration.

Why it is important?

The **LSPR Centre for Sustainability & Leadership Excellence (CSLE)** is crucial because it addresses the pressing global challenges of sustainability and leadership in an integrated manner. As the world grapples with climate change, resource depletion, and social inequalities, there is an urgent need for leaders who are not only knowledgeable but also capable of driving sustainable practices across various sectors.

CSLE plays a pivotal role in equipping individuals with the necessary skills and ethical grounding to lead effectively in this context. By combining advanced education, cutting-edge research, and active community and industry engagement, CSLE fosters the development of innovative solutions and promotes a culture of sustainability.

This holistic approach ensures that future leaders can tackle complex environmental and social issues, contribute to achieving global sustainability goals, and drive positive change in their organizations and communities. In essence, CSLE is essential for cultivating a new generation of leaders who are committed to creating a sustainable and equitable future for all

Importance of CSLE

LSPR Institute will strategically focus its sustainability implementation efforts on specific Sustainable Development Goals (SDGs) to maximize impact and align with its strengths andmission. The selected goals are SDG 3 (Good Health and Well-being), SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 10 (Reduced Inequalities), SDG 12 (Responsible Consumption and Production), SDG 13 (Climate Action), and SDG 17 (Partnerships for the Goals).

SDG 3: Good Health and Well-being

LSPR is committed to promoting health and well-being by integrating wellness programs, mental health support, and healthy lifestyle education within its community. This focus ensures that students, faculty, and staff are equipped to lead healthy, balanced lives.

SDG 4: Quality Education

Quality education is at the core of LSPR's mission. By emphasizing innovative and inclusive educational practices, LSPR aims to provide accessible, high-quality education that prepares students to address global challenges and excel in their careers.

SDG 5: Gender Equality

LSPR champions gender equality through policies and programs that promote equal opportunities for all genders. This includes initiatives to support women in leadership, gender-sensitive curricula, and advocacy for gender equality within and beyond the institution.

SDG 10: Reduced Inequalities

LSPR offers opportunities for students with development disorders, such as autism to study & develop their skills. LSPR also employed staff with autism. LSPR active give training to a 4115 of teachers in 1836 schools to handle student with autism.

SDG 12: Responsible Consumption and Production

LSPR is dedicated to fostering responsible consumption and production practices. This includes implementing sustainable resource management, reducing waste, and promoting awareness about sustainable practices among students and staff.

SDG 13: Climate Action

LSPR is committed to promoting health and well-being by integrating wellness programs, mental health support, and healthy lifestyle education within its community. This focus ensures that students, faculty, and staff are equipped to lead healthy, balanced lives.

SDG 17: Partnerships for the Goals

Quality education is at the core of LSPR's mission. By emphasizing innovative and inclusive educational practices, LSPR aims to provide accessible, high-quality education that prepares students to address global challenges and excel in their careers.

By concentrating on these selected SDGs, LSPR aims to create a focused, impactful approach to sustainability that leverages its unique capabilities and fosters meaningful change within its community and beyond.

Core Components of CSLE

01 Addressing Global Challenges:

Sustainability

The world faces critical environmental challenges such as climate change, resource depletion, and biodiversity loss. CSLE aims to equip leaders with the skills and knowledge to develop sustainable solutions and practices.

Leadership

Effective leadership is crucial for driving change and addressing complex global issues. CSLE focuses on cultivating leaders who are not only knowledgeable but also ethical and capable of inspiring others.

02 Educational Excellence

Innovative Curriculum

By integrating sustainability and leadership into the curriculum, CSLE enhances the educational experience and prepares students for the demands of the modern workforce.

Skill Development

Students gain practical skills and knowledge that are highly valued by employers, making them more competitive in the job market.

03 Research and Innovation

Advancing Knowledge

CSLE conducts cutting-edge research that contributes to the global body of knowledge on sustainability and leadership.

Practical Solutions

Research findings are translated into practical solutions that can be implemented by businesses, governments, and communities.

04 Community and Industry Impact

Community Development

CSLE's community engagement initiatives help promote sustainable practices at the local level, improving quality of life and fostering a culture of sustainability

Industry Collaboration

By working with businesses, CSLE helps drive innovation and sustainability in various sectors, leading to more resilient and responsible industries.

05 Global Leadership

International Influence

CSLE's global partnerships and initiatives position it as a leader in the international sustainability and leadership landscape.

Contribution to SDGs

CSLE actively contributes to the achievement of the United Nations Sustainable Development Goals (SDGs), promoting global sustainability and well-being.

LSPR 2030

Sustainable Education for a Sustainable World

LSPR 2030 represents the LSPR Institute's comprehensive commitment to sustainability and Environmental, Social, and Governance (ESG) principles, embodied in the tagline "Sustainable Education for a Sustainable World." This initiative reflects LSPR's dedication to integrating sustainability into every aspect of its operations, curriculum, research, andcommunity engagement.

LSPR 2030 is LSPR Institute's ambitious commitment to embedding sustainability and Environmental, Social, and Governance (ESG) principles into every facet of its operations, education, and community involvement, encapsulated by the tagline "Sustainable Education for a Sustainable World." This initiative aims to integrate sustainability concepts into the curriculum, ensuring that students are equipped with the knowledge and skills necessary to address global challenges. By fostering an interdisciplinary approach, LSPR aims to produce graduates who are not only knowledgeable about sustainability but also capable of applying these principles in various professional fields.

Research and innovation are at the core of LSPR 2030, with a strong emphasis on pioneering studies that address pressing environmental and social issues. The establishment of innovation hubs and labs within the institute promotes a culture of creativity and continuous improvement, enabling the development of practical solutions to complex sustainability challenges. This focus on research positions LSPR as a leader in sustainability thought leadership, contributing valuable insights and advancements to the global community.

LSPR 2030 also emphasizes the importance of sustainable campus operations and community engagement. The institute is committed to implementing green practices across its campus, including energy efficiency, waste reduction, and sustainable transportation. Additionally, LSPR seeks to achieve carbon neutrality by setting and working towards ambitious targets. Through local and global partnerships, LSPR engages with communities, businesses, and governments to promote sustainable practices and drive impactful projects that foster social and environmental well-being.

Transparency and accountability are key aspects of LSPR 2030. The institute commits to regular ESG reporting, detailing its sustainability performance and progress towards its goals. This ensures that stakeholders are informed and involved in the institute's sustainability journey. By fostering a culture of engagement and leadership development among students and staff, LSPR cultivates future leaders who are prepared to champion sustainability and make significant contributions to societ

In essence, LSPR 2030 aims to create a sustainable future through education, research, community involvement, and transparent practices, reinforcing LSPR's role as a forward-thinking and impactful institution.

Program

LSPR Centre for Sustainability & Leadership Excellence

01. **Workshop and Training**
(Students, Lecturers, Staff, Corporations and Public)

02. **Seminar/Webinar**

03. **Community Outreach Programs**

Education and Awareness
Organizing educational campaigns and awareness-raising programs on sustainability issues in local communities.

Capacity Development
Conduct workshops and training to empower communities in environmentally friendly practices.

04. **Sustainability and Public Relations Summit 2024**

05. **Sustainability Statement**
"LSPR 2030 : Sustainable Education for a Sustainable World"

06. **SDGs /Sustainability/ESG Report**

07. **SDGs Action Awards 2024**

08. **THE Impact Rankings**

09. **Green Campus Initiatives**

10. **Biodiversity Project "Green Planting Program", etc**

11. **Praktek Zero Waste Events**

12. **Sustainable Research Grant**

13. **Carbon Footprint Reduction Campaign**

14. **Establishment of sustainability learning center**
establish a sustainability learning center that provides educational resources and practical training, partnering with various parties outside LSPR

15. **Website**

16. **Social Media**

17. **Partnership and Collaboration**

18. **Carbon Footprint Initiatives**

Carbon Footprint Challenge
Hosting challenges for individuals and organizations to reduce their carbon footprint over a certain period.

Carbon Tracker App
Developing an app to track and provide carbon footprint reduction tips.

19. **Circular Economy Initiatives**

Circular Economy
Initiate projects that support circular economy principles, such as recycling, reuse and waste reduction.

Recycling Marketplace
Creating an online platform for the exchange and sale of recycled products.

20. **Art and Sustainability Exhibitions**

Art Exhibition
Holding an art exhibition featuring works that raise sustainability issues.

Artist Collaboration
Engaging local artists in projects that combine art and sustainability education.

Manifesto

LSPR Centre for Sustainability & Leadership Excellence

2024

01.

Baseline Assessment

a. Conduct a comprehensive assessment of current sustainability practices.
b. Establish a Sustainability Task Force.
c. Set initial sustainability goals and targets (Statement & Report)

02.

Green Campus Initiatives

a. Implement recycling and waste management programs.
b. Install initial solar panels / energy saving.
c. Change lights to LED

LSPR has successfully implemented energy saving by using an LED and sensory lamp to reduce the amount of electricity used to generate light and practice responsible waste disposal by managing food waste and e-waste in the campus environment.

d. E-Waste
e. Start with energy audits and initial renewable energy installations.
Target: 10% energy from renewable sources.
f. Eco-friendly Orientation Program: Include sustainability practices in orientation for new students.
Target: 100% participation of new students.

Target: 20% waste reduction, 10% renewable energy usage.

03.

Sustainability Curriculum.

Integrate sustainability and ESG courses into the curriculum. Introduce mandatory courses on sustainability and ESG.

Target: 50% of new students enrol in at least one sustainability course.

04.

Leadership in Sustainability

Host national summit on sustainability and ESG.

Target: Establish LSPR Institute as a leading higher education institution in sustainability education in Indonesia, 300 – 500 participants.

05.

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 70% through digital initiatives.

06.

Community Engagement

Launch community projects and partnerships.

Target: 30% increase in community project participation.

07.

Sustainability Workshops

Conduct regular workshops on sustainable practices.

Target: 5 workshops per year

2025

01. 

Energy Efficiency (Renewable Energy Expansion)

Upgrade campus buildings for energy efficiency. Expand renewable energy usage.

Target: 25% reduction in energy consumption, increase renewable energy usage by 15%

02. 

Community Engagement Projects

Start collaborative projects with local communities.

Target: 2 projects initiated.

03. 

Green Research Grants

Fund sustainability-focused research.

Target: 2 grants awarded.

04. 

Zero Waste Campaign

Achieve a 30 % reduction in campus waste.

05. 

Expand Health and Well-being Initiatives

Provide comprehensive mental health and wellness services.

Target: 70% student and staff participation in wellness programs.

06. 

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 75 % through digital initiatives.

07. 

Biodiversity Projects

Implement campus-wide tree planting and conservation projects.

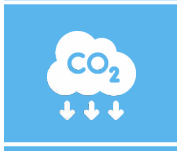

Target: 700 trees planted.

08. 

Inclusive Education Expansion

Increase scholarships for underprivileged students.

Target : 5 % increase in scholarships awarded.

09. 

Net Zero Emissions Progress

Achieve significant reductions in carbon emissions.

Target: 30 % reduction in carbon emissions.

10. 

Sustainability Workshops

Conduct regular workshops on sustainable practices.

Target: 10 workshops per year

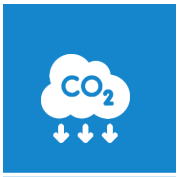

11. 

Leadership in Sustainability

Host national summit on sustainability and ESG

Target: Establish LSPR Institute as a leading higher education institution in sustainability education in Indonesia, 500 - 1500 participants

2026

01. 

Net Zero Emissions Progress

Achieve significant reductions in carbon emissions.

Target: 40 % reduction in carbon emissions.

02. 

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 80 % through digital initiatives.

03. 

Zero Waste Campaign

Achieve a 35 % reduction in campus waste.

04. 

Expand Health and Well-being Initiatives

Provide comprehensive mental health and wellness services.

Target: 75% student and staff participation in wellness programs.

05. 

Energy Efficiency (Renewable Energy Expansion)

Upgrade campus buildings for energy efficiency. Expand renewable energy usage.

Target: 30 % reduction in energy consumption, increase renewable energy usage by 20%.

06. 

Biodiversity Projects

Implement campus-wide tree planting and conservation projects.

Target: 800 – 900 trees planted.

07. 

Sustainable Transportation

Introduce electric shuttle buses and electric vehicle programs.

Target: 15 % reduction in campus vehicle emissions.

08. 

Sustainability Workshops

Conduct regular workshops on sustainable practices.

Target: 12 workshops per year

09. 

Inclusive Education Expansion

Increase scholarships for underprivileged students.

Target : 8 % increase in scholarships awarded.

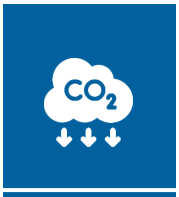

10. 

Leadership in Sustainability

Host international summit on sustainability and ESG.

Target: Establish LSPR Institute as a leading higher education institution in sustainability education in Indonesia, 1000 - 2000 participants

2027

01. 

Net Zero Emissions Progress

Achieve significant reductions in carbon emissions

Target: 50 % reduction in carbon emissions.

02. 

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 85 % through digital initiatives.

03. 

Energy Efficiency (Renewable Energy Expansion)

Upgrade campus buildings for energy efficiency. Expand renewable energy usage.

Target: 35% reduction in energy consumption, increase renewable energy usage by 25%.

04. 

Zero Waste Campaign

Achieve a 40 % reduction in campus waste.

05. 

Expand Health and Well-being Initiatives

Provide comprehensive mental health and wellness services.

Target: 80 % student and staff participation in wellness programs.

06. 

Sustainable Transportation

Introduce electric shuttle buses and electric vehicle programs.

Target: 20 % reduction in campus vehicle emissions.

07. 

Biodiversity Projects

Implement campus-wide tree planting and conservation projects.

Target: 900 – 1000 trees planted.

08. 

Sustainability Workshops

Conduct regular workshops on sustainable practices.

Target: 15 workshops per year

09. 

Inclusive Education Expansion

Increase scholarships for underprivileged students.

Target : 9 % increase in scholarships awarded.

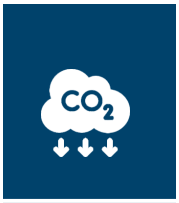

10 

Leadership in Sustainability

Host international summit on sustainability and ESG.

Target: Establish LSPR Institute as a leading higher education institution in sustainability education in Indonesia, 1500 - 2500 participants

2028

01. 

Net Zero Emissions Progress

Achieve significant reductions in carbon emissions.

Target: 60 % reduction in carbon emissions.

02. 

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 90 % through digital initiatives.

03. 

Zero Waste Campaign

Achieve a 45 % reduction in campus waste.

04. 

Expand Health and Well-being Initiatives

Provide comprehensive mental health and wellness services.

Target: 85 % student and staff participation in wellness programs.

05. 

Energy Efficiency (Renewable Energy Expansion)

Upgrade campus buildings for energy efficiency. Expand renewable energy usage.

Target: 40% reduction in energy consumption, increase renewable energy usage by 30%.

06. 

Biodiversity Projects

Implement campus-wide tree planting and conservation projects.

Target: 1000– 1100 trees planted.

07. 

Sustainable Transportation

Introduce electric shuttle buses and electric vehicle programs.

Target: 25 % reduction in campus vehicle emissions.

08. 

Inclusive Education Expansion

Increase scholarships for underprivileged students.

Target : 10 % increase in scholarships awarded.

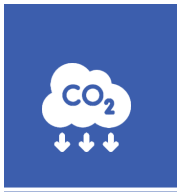

09. 

Leadership in Sustainability

Host international summit on sustainability and ESG

Target: Establish LSPR Institute as a leading higher education institution in sustainability education in Indonesia, 2000- 3500 participants

2029

01. 

Net Zero Emissions Progress

Achieve significant reductions in carbon emissions.

Target: 70 % reduction in carbon emissions.

02. 

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 95 % through digital initiatives.

03. 

Energy Efficiency (Renewable Energy Expansion)

Upgrade campus buildings for energy efficiency. Expand renewable energy usage.

Target: 45% reduction in energy consumption, increase renewable energy usage by 35%.

04. 

Zero Waste Campaign

Achieve a 50 % reduction in campus waste.

05. 

Expand Health and Well-being Initiatives

Provide comprehensive mental health and wellness services.

Target: 90 % student and staff participation in wellness programs.

06. 

Biodiversity Projects

Implement campus-wide tree planting and conservation projects.

Target: 1100– 1200 trees planted.

07. 

Sustainable Transportation

Introduce electric shuttle buses and electric vehicle programs.

Target: 30 % reduction in campus vehicle emissions.

08. 

Inclusive Education Expansion

Increase scholarships for underprivileged students.

Target : 12 % increase in scholarships awarded.

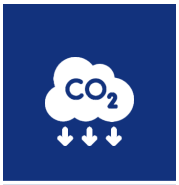

09. 

Leadership in Sustainability

Host international summit on sustainability and ESG.

Target: 1 summit, 1 conference, 2000- 3500 participants

2030

01. 

Net Zero Emissions Progress

Reach complete carbon neutrality.

Target: 80 -100 % reduction in carbon emissions.

02. 

Digital Transformation

"Paperless Policy". Reduce paper usage by promoting digital tools.

Target : Reduce paper usage by 100 % through digital initiatives

03. 

Energy Efficiency (Renewable Energy Expansion)

Upgrade campus buildings for energy efficiency. Expand renewable energy usage.

Target: 60 % reduction in energy consumption, increase renewable energy usage by 40%.

04. 

Zero Waste Campus

Achieve 70 – 80 zero waste status through comprehensive recycling and composting

05. 

Expand Health and Well-being Initiatives

Provide comprehensive mental health and wellness services.

Target: 90 % student and staff participation in wellness programs.

06. 

Biodiversity Projects

Implement campus-wide tree planting and conservation projects.

Target: 1500– 2000 trees planted.

07. 

Sustainable Transportation

Introduce electric shuttle buses and electric vehicle programs.

Target: 40 % reduction in campus vehicle emissions.

08. 

Inclusive Education Expansion

Increase scholarships for underprivileged students.

Target : 15 % increase in scholarships awarded.

09.

Program Plan

01.

"1 Student, 1 Tree" Program

Each new student plants one tree in the campus area or can be accommodated by LSPR 4C and Cares

02.

Green Graduation

Each graduate contributes to a tree planting program as part of the graduation ceremony.

03.

Eco-Enrollment

Set aside a portion of student registration fees to fund environmental conservation projects.

04.

Routine Planting Activities

Holding tree planting activities every semester with the entire academic community (lecturers and staff)

05.

Eco-Friendly Orientation

Provides environmentally friendly new student orientation packages, including reusable drinking bottles and plant seeds.

06.

Green Scholarship

Provide scholarships for students who are active in environmental activities.

07.

Sustainable Research Grant

Providing dedicated research funding for projects focused on sustainability.

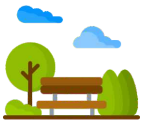

08.

Campus Clean-Up Days

Holding regular campus clean-up days involving the entire academic community.

09.

LSPR Community Garden

Create a community garden on campus where students can learn farming and gardening.

10.

Sustainable Transportation

Providing subsidies/incentives for students who use environmentally friendly transportation such as bicycles or electric vehicles.

11.

Zero Waste Events

Holding a waste-free campus event by involving all participants in waste management.

12.

Eco-Friendly Cafeteria

Encouraging the use of organic and local food ingredients in LSPR Cafetaria

13.

Reusable Kits

Provide reusable stationery kits for every new student.

14.

Carbon Footprint Reduction Campaign

Conducting campaigns to reduce carbon footprint through various initiatives, such as using shared transportation & saving energy.

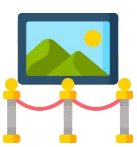

15.

Circular Economy Initiative

Can initiate projects that support circular economy principles, such as recycling, reusing and waste reduction.

16.

Art & Sustainability Exhibitions

Host art exhibitions featuring works that address sustainability issues. Engage local artists in projects that combine art and sustainability education.

17.

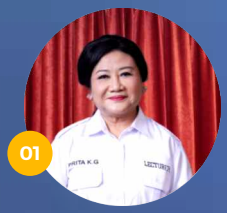

Sustainability Learning Centers

Establish a sustainability learning center that provides educational resources and practical training.

LSPR Centre for Sustainability & Leadership Excellence

Continuing Studies For Student With Special Needs

London School Beyond Academy

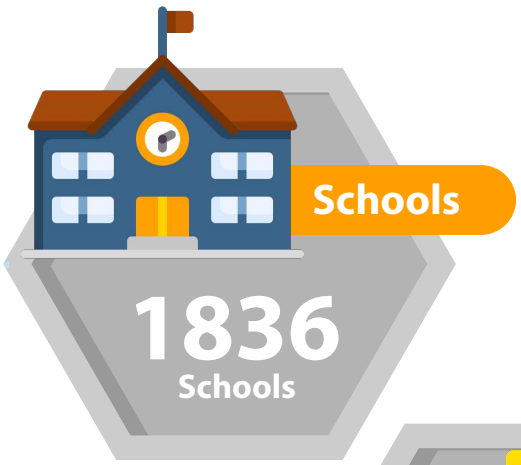

Creating Opportunities for Better Future

Creating Opportunity for a Better Future

LSPR has now established educational institutions called London School Beyond Academy (LSBA) as the development of LSCAA. The agency was created in the spirit of giving new hope to the sons and daughters with special needs to explore their potential and provide supplies in order to later be able to work in the midst of society.

LSCAA LONDON SCHOOL CENTRE FOR AUTISM AWARENESS

Partners

Autism Associate [Singapore]

Autism Resource Center [Singapore]

Autism Research Institute - ARI [San Diego - USA]

Global Autism Collaboration

01 LSBA is the development division under LSCAA. Provide an education with skilled basis for individual with autistic. The objectives are to make the students equipt with certain skills, improvement in social ability, good understanding, and being accept in society.

02 LSBA provide a program with practical curriculum and handle by the expert lecture. Competency will be built focus on printing technique (manual & press) & digital image process, crafting, basic administration, and bakery & pastry.

LSCCA Program

- LSCAA as Secretariat of ASEAN Autism Network.
- LSCAA hold Autism Awareness Festival annually
- LSCAA hold Autism Parents Discussion as a forum for parents and siblings
